

Donate blood in honor of Sickle Cell Awareness Month

Memorial Blood Centers

Sickle Cell Awareness Month
BLOOD DRIVE 
SCHEDULE NOW

Christian, suffers from sickle cell and requires blood transfusions every three weeks to stay alive.

September is Sickle Cell Awareness Month

Did you know sickle cell disease is the most common hereditary blood disorder in the world? It can be extremely painful for those living with it, and blood transfusions are often the only relief from debilitating pain during a crisis. [Learn more](#) about this disease and how you can help.

Give blood in honor of those living with sickle cell. Schedule a donation at the Normandale Lake Office Park blood drive:
